3. Electricity and Water

The promoter will need to know from the foodtruck what type of electricity setting you need at least 30 days before the event. If we don't receive it 30 days before the event, we can not make the arrangements and a regular setup, to our best knowledge, will be made.

There will be a water point where the foodtruck can fill watertanks. This water point can be away from the foodstand. The promoter will not supply watertanks, the foodtruck will need to bring their own if needed.

4. Token system

We do not offer a token system for food, so foodstands should never accept tokens at our events.

5. Dishes

Which dishes will you serve and at which price(+/-) – :
